

HUNTON & WILLIAMS

Women in Community Banking is a forum for women at all levels of the community banking industry to share, learn and grow from each other's experiences during events designed exclusively for women. A brainchild of Hunton & Williams' Dallas counsels [Jacque Kruppa](#) and [Beth Whitaker](#), the forum holds an annual conference and reception featuring topical industry presentations and community banking leadership panel discussions.

The forum's inaugural conference event took place in June of 2017 and included a morning keynote address from the managing director/region head of JPMorgan Chase's Dallas office, Elaine Agather. Follow-up events are being planned and another conference is anticipated in June of 2018.

If you would like to be included in upcoming events and communications, please contact either counsels Jacque Kruppa (214-468-3347/jkruppa@hunton.com) or Beth Whitaker (214-468-3575/bwhitaker@hunton.com).
